## COMING CYCLE SHOW

Appointment of Board of Exhibitors.

## YALE MEN SWEAR TO THEIR STANDING

College Men to Consider Changes in Foot Ball Rules.

## SPORTING NEWS IN GENERAL

The following exhibitors in the cycle show that opens at the Washington Light Infantry armory, March 18, have been appointed an honorary advisory board: Messrs. J. Hart Brittain, chairman; W. Roy Mitchell, L. B. Graves, Harry S. Jones, Jr., M. A. Tappan, C. M. Billingsley, W. D. Hader, B. M. Bridget, John Werner, F. D. Wm. T. Robertson and Manager Buckley.

The committee have organized by selecting Mr. Brittain as chairman, and Mr. Billingsley as secretary. Manager Buckley explained the work of the executive committee to date, and the object of having an advisory board to assist in directing the affairs of the exhibitors' department.

Estimates from electrical contractors for extra incandescent lighting of booths were read, and, on motion of Mr. Jones, as Mr. Graves' representative, the bid of Mr. Gal- loway was accepted.

It was decided to have all platforms for booths seven inches above the hall floor, and that all signs should not be placed lower than eight feet from the hall floor. This means the lower side of the signs. This rule, however, does not include the signs of exhibitors around the wall spaces. The center booths will be kept open to give a clear view of the hall and side booths. The exhibition will be open afternoons and nights, and will continue for ten days. In the afternoon admission will be 25 cents, and at night 50 cents. Six night admissions for \$2 will be sold.

The documents were signed by the city clerk of New Haven. The following is the list of those who will go across the water:

Ralph B. Trevelyan, D. V. Suthin, Fred Conley, Stuart Patterson, H. G. Campbell, George Langford, Payne Whitney, New York; James L. Rogers, J. C. McLaughlin, G. T. Marsh, D. L. Rogers, J. L. The Yale News has the following concerning the plans for the Henley regatta, in which Yale will participate:

The Yale crew, consisting of thirteen men in speed and in durability. When the regatta is held in England, the Yale crew will sail on June 6 for Southampton, England. Two shells, exactly similar to those used by Yale for the last ten years, will be taken along. A letter will be sent over within a week or so entering the Yale eight in the grand challenge cup race. A careful study of the candidates for the crew has been made, and it has been found that none will be disqualified by the clause in the Henley entrance requirement, which prohibits any person who has some manual work from rowing in that event.

## FOOT BALL RULES TO BE REVISED.

Secretary Matthews has announced that the club selected for the afternoon of the 13th instant for the convention. Each of the five college named will be represented by one delegate.

The Crack Georgetown Pitcher Cannot Play at Harvard.

## ONE FOR KEMENY.

The Philadelphia Champion Defeats Showalter in the Chess Game.

The sixth game of the series for the championship of the United States was played yesterday at the Franklin Chess Club in Philadelphia. Kemeny, who had the move, once more relied on the four knight move.

The battle was an exceedingly lively one, while playing for a king's side attack, while his opponent tried to gain some advantage on the queen's wing. In pursuing this line of play, he was entirely unaware of the brilliant combination his adversary had on hand.

Showalter, on the twenty-second turn, should have played R-B2, which in all probability would have drawn the game. Instead of this he played R-B2, and the following move, a bishop, which enabled Kemeny to force a mate in brilliant style by the sacrifice of two pieces. The game was undoubtedly the prettiest played in the series so far.

Score now stands: Showalter, 3; Kemeny, 2. Drawn, 1.

Showalter defeated Kemeny Saturday night in the fifth game of their chess match. Showalter opened with a King's side pawn and captured the knight, and his opponent to resign after thirty-nine moves.

## AMATEUR BALL PLAYERS.

A Meeting of the Departmental League.

A meeting of the Departmental Base Ball League of the District of Columbia was held last evening in the Washington Light Infantry Armory for the purpose of reorganizing for the season of 1896. The outlook for amateur base ball was discussed, and it seemed to be the opinion of every one that the league would see its highest prosperity during the coming spring and summer. Mr. Souders, president of the league last year, presided over the meeting. Mr. Hazen acted as vice president and Mr. Fisher as secretary. The delegates present from the clubs desiring membership were: Messrs. House and McCabe, W. L. C. Fisher and Hazen, District Commissioners' office; Miller, McCauley and McQuirk, bureau of engraving and printing; Keller, treasury; Johnson and Kirkpatrick, Port Myer, and Mr. Roth of the Canterbury Athletic Club.

A role was adopted which allows departmental teams to go outside to select two or three capable men to strengthen their teams, and this will admit of some of the best players being in the field. The next meeting will be held Monday next, when a complete organization will be effected.

Princeton's Nine Chosen.

Capt. Bradley of the Princeton base ball team has notified six of the new candidates to discontinue practicing, and ordered the veterans of last year's team to begin active work in the spring.

Barring accidents the team will be as follows: Titus, catcher; Smith and Graham, substitutes; Kelly, first base; Sankey, second base; Gunster, third base; Ward, shortstop; Bradley, Steuter and Wheeler, outfield. The management have been compelled to fill the five vacancies on the team from substitutes of last year's nine, and none of the freshmen candidates were up to the varsity mark. Altman, '97; Wilson, '96, were retained for the season and entered upon the season's work yesterday.

West Point Players at Work.

Candidates for representation on the West Point Cadet base ball team are in active practice in the big wire cage. Pitching, catching and batting are the principal features of the practice. It is expected that this early work will be a great benefit to the players, as their opportunities for outdoor practice are limited on account of the spring drills and will occur only once in a while. The players have already arranged for five games, all of which are to be played at the college grounds. The first game will be played on Friday, April 18, Lafayette College; April 25, Rutgers; May 9, Princeton; May 16, Trinity; May 23, Lehigh; May 30, (Decoration day), Seventh Regiment, N. G., N. Y.
